STEEL OR STEEL + INSULATION

RAYNOR®

“FOR AS LONG AS YOU OWN YOUR HOME” SECTION WARRANTY

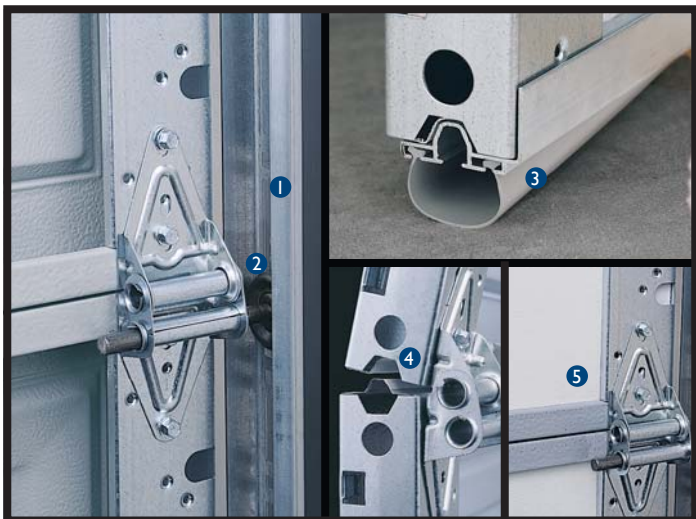

Affordable And Built To Stay That Way.

Constructed of high-quality materials with special attention to details and durability, Classic offers the standard features and upgrade options you might expect in a more expensive door.

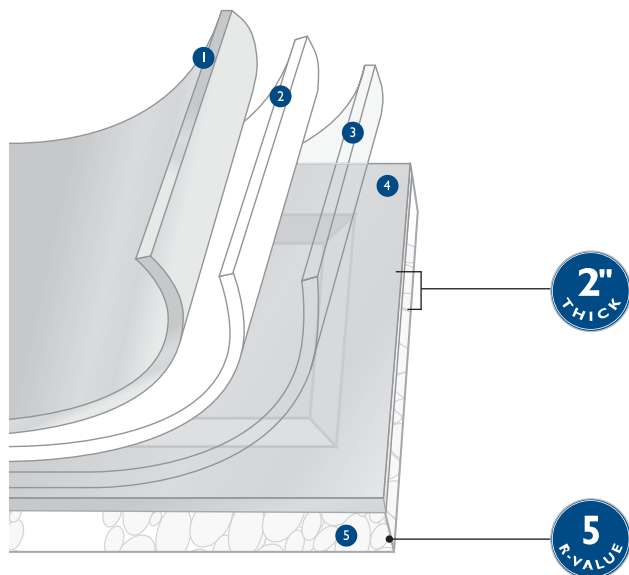

Classic comes standard with tongue-and-groove meeting rail joints that seal out the elements. To make your door even more energy efficient, add optional, environmentally friendly polystyrene insulation.

A unique stucco texture gives Classic a look all its own. Customize Classic with Colonial or Ranch panels, windows and other options to create your own "classic" look.

Built To Take The Elements.

Classic has heavy-gauge, hot-dipped galvanized steel sections with an epoxy primer and a baked-on polyester finish to resist rust and impact. A galvanized steel track ① and durable, steel wheel, ball-bearing rollers ② assure long-lasting performance. To protect against the elements, a bottom weatherseal ③ provides an effective barrier along the entire length of the door. Roll-formed tongue-and-groove meeting rails ④ seal out wind, rain and snow. Finally, a thick core of optional polystyrene insulation ⑤ helps keep your garage quieter and more comfortable.

2" Thick Door Sections

Classic's 2" thick door sections are made from high-strength, impact-resistant steel.

- ① Baked-on finish
- ② Epoxy primer
- ③ Galvanized layer
- ④ High-strength steel
- ⑤ Optional polystyrene insulation

Raynor Decorative Windows

Our beautiful window designs put the perfect finishing touch on your new Raynor Tradition Series™ garage door.
